

Transactional Data Proposed Rule (March 4, 2015)

Summary

- Contractors to report transactional data from orders and prices paid by ordering activities
- Covers FSS contract and GSA non-FSS contract orders (GWACs and IDIQs)
- Not applicable to VA FSS
- Transactional data to be reported monthly:
 - Contract or BPA Number;
 - Order Number/Procurement Instrument Identifier (PIID);
 - Non Federal Entity, if applicable;
 - Description of Deliverable;
 - Manufacturer Name;
 - Manufacturer Part Number;
 - Unit Measure (each, hour, case, lot);
 - Quantity of Item Sold;
 - Universal Product Code (UPC), if applicable;
 - Price Paid per Unit; and
 - Total Price
- Contractors that submit transactional data not required to monitor basis of award per the price reductions clause
- GSA maintains right to ask for updates to the disclosures on the commercial sales format (CSP)
- Government may request a price reduction at any time
- IFF or CAF payment quarterly
- Pilot proposed as first step for Schedules program (products and commoditized services TBA on GSA Interact)

Next Steps

- **Take the Coalition's Transactional Data Reporting Survey.** (*Responses will be used to estimate the information collection burden on contractors. Survey will be open through March 27, 2015 at www.surveymonkey.com/r/G76FRPZ.*)
- **Attend GSA's Public Meeting** on April 17, 2015 (at GSA headquarters or remotely). Roger Waldron will make a public statement.
- **Send your feedback on the rule to Aubrey Woolley** at awoolley@thecgp.org for inclusion in the Coalition's comments (due to GSA May 4, 2015).
